

East of England Ambulance Service

Electrical Maintenance

The East of England Ambulance Service required a trusted electrical contractor to carry out monthly emergency lighting services to all of their sites. We are pleased they chose Wadys, we provide them with regular maintenance visits and reactive attendance.

Services we provide:

- Regular Maintenance
- Monthly Services of their EL
- Reative Maintenance through their portal
- LED replacement works to Bedford HQ
- Installed Dorguards to all their sites
- Call outs

Harrow College Health & Social Care Building

New Build - Total value £315K

Harrow College wanted a new Health & Social Care building on one of their existing campuses.

We worked with several of the College's nominated Specialist Contractors to ensure the systems were compatible with the college's site wide systems

Wadys were pleased to work with Ashe Construction to provide the following Electrical Services for this:

- New electrical supply from existing distribution point on campus.
- Main Distribution Systems
- General power installation
- LED lighting
- IT infrastructure
- Fire & disabled refuge alarms
- Access control systems
- CCTV
- Intruder alarm
